### **GROOMERS PRO EXHIBITING FOR THE FIRST TIME AT SUPERZOO**

Carson, CA – Groomers Pro, a leading distributor of high end grooming supplies and products is pleased to announce their attendance at SuperZoo 2018, June 26-28.

Groomers Pro is exhibiting at SuperZoo primarily to concentrate on dealership programs for smaller retailers and salons who want to offer exclusive, high performing brands. Groomers Pro is a distributor for Chris Christensen, Nature's Specialties and Crown Royale among other salon and grooming lines.

Groomers Pro carries an extensive range of shampoos, conditioners and finishing products along with grooming tools, including brushes, shears, clippers and blades.

President, Marco Lalau explains, "Groomers Pro is excited to attend SuperZoo this year because we are uniquely positioned to increase our outreach. We recently invested in our second mobile showroom. We are bringing an increased product range to more retailers and directly to the salon door. Groomers can see, hold, feel and learn about the products without having to leave the salon."

Marco Lalau is no novice in the grooming world. He has managed and owned five salons and was a contestant on Groomer Has It, Season 2 broadcast on Animal Planet.

Groomers Pro invites retailers, salon/pet spa owners and groomers to meet Marco at **Booth 916** and learn more about their range of brands, show specials and the Southern California mobile showroom route.
